## ABSTRACT

**Community service** is a non-paying job performed by one person or a group of people for the benefit of the community or its institutions. Community service is distinct from volunteering, since it is not always performed on a voluntary basis. Personal benefits may be realized, but it may be performed for a variety of reasons including citizenship requirements, a substitution of criminal justice sanctions, requirements of a school or class, and requisites for receipt of certain benefits. Among these reasons we perform community services on the following topics-

- 1) Water Conservation
- 2) Tree Conservation
- 3) Tree Plantation
- 4) Cleanliness
- 5) Pollution Awareness
- 6) Save Girl Child

Though not technically considered a requirement, many colleges include community service as an unofficial requirement for acceptance. However, some colleges prefer work experience over community service, and some require that their students also continue community service for some specific number of hours to graduate. Many student organizations exist for the purpose of community service, the largest of which is Alpha Phi Omega. Community service projects are also done by sororities and fraternities.

### 1. Tree Plantation and Conservation:

Since the beginning, trees have furnished us with two of life's essentials, food and oxygen. As we evolved, they provided additional necessities such as shelter, medicine, and tools. Today, their value continues to increase and more benefits of trees are being discovered as their role expands to satisfy the needs created by our modern lifestyles.

**\*Community & Social Value:-**

Trees are an important part of every community. Our streets, parks, playgrounds and backyards are lined with trees that create a peaceful, aesthetically pleasing environment. Trees increase our quality of life by bringing natural elements and wildlife habitats into urban settings. We gather under the cool shade they provide during outdoor activities with family and friends. Many neighborhoods are also the home of very old trees that serve as historic landmarks and a great source of town pride.

Using trees in cities to deflect the sunlight reduces the heat island effect caused by pavement and commercial buildings.

**We Saves Existing trees :-**

## 2. Swachata Abhiyan:-

We can say swachata abhiyan, a nice welcome step to the clean and green environment. As we all heard about the most famous proverb that “Cleanliness is Next to Godliness”, we can say surely that clean environment campaign (swachata abhiyan) will really bring godliness all over in few years if it is followed by every people in effective manner. So, the cleanliness activities to warm welcome the godliness have been started but do not need to be ended if we really want godliness in our lives forever. A healthy country and a healthy society need its citizens to be healthy and clean in every walk of life.

### 3. Water conservation

In addition to saving money on your utility bill, water conservation helps prevent water pollution in nearby lakes, rivers, and local watersheds. Conserving water also prevents greenhouse gas emissions associated with treating and distributing water.

Conserving water can also extend the life of your septic system by reducing soil saturation and reducing pollution due to leaks. Overloading municipal sewer systems can also cause untreated sewage to flow to lakes and rivers. In some communities, costly sewage system expansion has been avoided by community-wide household water conservation.

Following photographs are the water conservation techniques used in hilly regions, we visit the water conservation created by **“Pani Foundation”** on Ajinkyatara Fort-

## Pani Foundation AjinkyaTara Fourt

#### 4. Save Girl Child

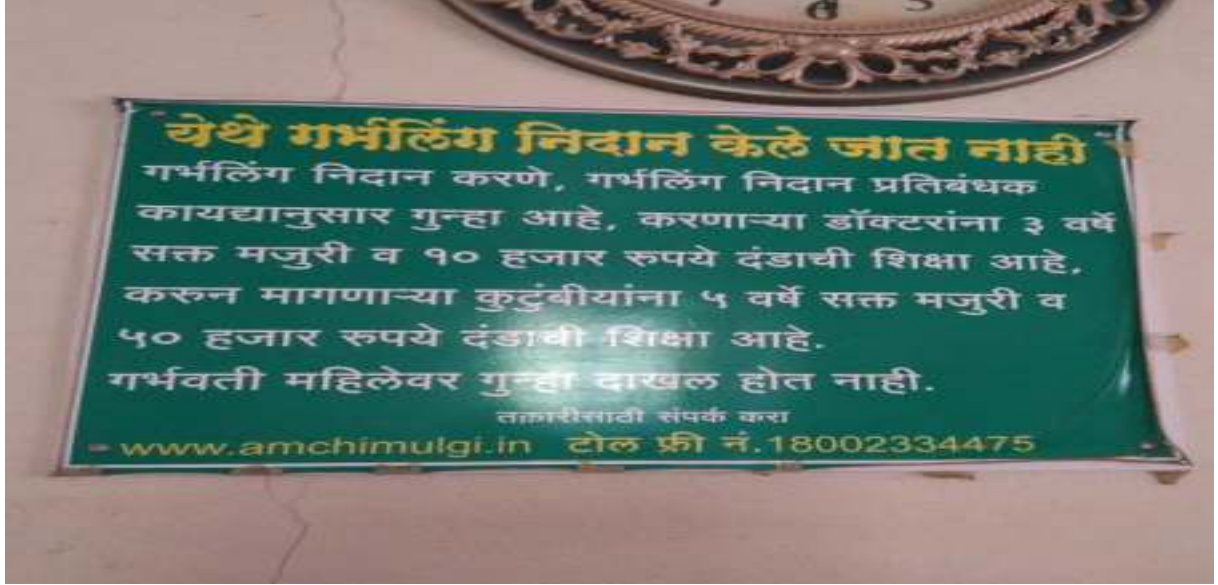

We cannot imagine the existence of the entire human race without man and woman together. Girls have been creating the roots and shaping the destiny of the civilization. But as the civilization evolved it developed a darker side too, like female Feticide. Practice of Female Feticide started in early 1990s when the widespread use of Ultrasound Technology started in India.

Now I would like to give you a brief that from where this problem originated. In Indian culture Girls are supposed to relocate after marriage to their spouse's place. In the ancient India there was a male dominated hierarchy system in which fathers wealth was distributed among sons. So some of the wealthy parents, specifically Royal Families chose to give some share of their belongings to their daughter during marriage, which further took image of dowry. Further this tradition turned into a curse for poor families. Girls turned no less than a curse to the family because she was supposed to move after marriage and that too with ample of dowry.

As the Science and technology evolved people got an escape from their self-made curse. Sex Determination became the bandwagon of 1990s and the sex ratio fell off to a deplorable extent. Research shows that more than 10 million female fetuses have been illegally aborted in India.

Despite of fact that sex determination has been prohibited by law since 1961, 500,000 girls were being lost annually through sex-selective abortions. Government as well as NGOs has been taking several steps to overcome this serious issue. But the solution to this should start at personal level. Personal level corresponds to understanding.

## 5. Pollution Awareness:-

Pollution has been an increasing world issue since the American Industrial revolution. At least 5,000 people die daily due to pollution related issues. Today, pollution is one of the biggest global killers. The five types of pollution are water, air, noise, and light. Each type of pollution effects the environment and people in various ways.

Pollution levels are as high as they are due to human consumption and their interaction with the world causing destruction to the earth and all species living on earth. In this activity we met folks and aware them about hazards of plastic and how dangerous it is, also about water pollution, sound pollution, and air pollution. The photographs regarding pollution awareness are below:-

#### Conclusion:-

In this Community Services, we are able to perform several activities such as E-services at government sectors where e-services is used and public awareness camps. This include tree plantation, tree conservation,, water conservation, pollution awareness, E-learning activities at various public schools. From these activities we learnt various community services which will helpful in future to as, as a citizen it is our responsibility to involve in community services.

## पानी फाउंडेशन

दिनांक -20/02/2018

प्रिय,

श्री / श्रीमती / कृ. अजित विलास पवार

मु. पो. - बिचुकले ता. - कोरेगाव जि. - सातारा

पानी फाउंडेशन आयोजित 'जलसंधारण व मनसंधारण' या प्रशिक्षणामध्ये सहभागी होऊन ते यशस्वीरित्या पूर्ण केल्याबद्दल मी आपले मनःपूर्वक अभिनंदन आणि कौतुक करतो.

मला विश्वास आहे की आपण हे 'जलसंधारणाचे कार्य' आपल्या विभागात उत्तमरित्या कराल जेणेकरून आपण स्वतःच्या गावातील पाण्याची समस्या तर सोडवालच पण 'दुष्काळमुक्त महाराष्ट्र' निर्माण करण्यातही एक महत्वाची भूमिका पार पाडाल.

'सत्यमेव जयते वॉटर कप २०१८' मध्ये सहभागी होऊन पानी फाउंडेशनच्या या कार्याला मोलाची साथ दिल्याबद्दल मी आपला अत्यंत ऋणी आहे.

तुम्हाला खूप खूप शुभेच्छा!  
आमिर खान

## UNDERTAKING

DATE: 18/02/2015

To,

The Principal,  
K. B. P. College of Engineering & Poly. Satara.

(The Rector  
Boys Hostel  
K. B. P. College of Engineering & Poly. Satara.)

Sir,

We undersigned the students of K. B. P. College of Engineering & Poly. Satara. Residing in boys' hostel of the College, celebrate "Shivjayanti" every year. This year also we are going to celebrate "Shivjayanti" on 19/02/2015 and today, 18/02/2015, at 10 p. m. we are going to bring "Shivjyot" from pratapgad on our own risk and responsibility. We will take all the precautions for safety. We have informed our parents well in advance. Hostel or College authorities will not held responsible for any miss happenings.

Thanking you

Yours faithfully,

# Workshop (19/03/15)

જાનકી - Kbpceps/3429

Date-09/03/2015

## NOTICE

All faculty, staff member and students are hereby informed that our alumni Mr. Ganesh Nanaware (Mechanical 2012-13) has failed both kidneys and he is on dialysis for over a month at Dr. D.Y.Patil hospital Pimpri, Pune. He is from poor family background.

He needs a lot of helping hands and I am kindly requesting to help him in terms of money as much as possible for his kidney transplantation operation.

Thanking You.

Yours faithfully,

Principal
