Subject: Regarding power back for the server machine in Virtual Laboratory Nodal Center(VLNC).

Reference: Repeated SMS by System Analysisist of GCOE, Pune.

With reference to above you are requested to do needful to return back the UPS of VLNC given to IT cell to cater their temporary need.

As new software & system updating of VLNC is in process after due connection of separate internet line, continuous power back up is basic requirement.

Therefore, as per instructions by System Analysisist of GCOE, Pune; we had purchased 1KVA rating UPS for our server. it it was given to IT Cell for some emergency work last year. Now you instruct the concerned to return it to VLNC.

We cannot process the required installations without back up as there are number of instances that the supply goes OFF and server switches OFF, as it has no back up.

Please do needful.
