

## Activity Based Learning

### Name of the activity: Library Activity

Date of conduction: 22<sup>nd</sup> April 2022

#### Details of the activity:

Students were taken to the Library and they were given an assignment of finding the latest updates in Manufacturing Processes in online and offline technical journals/magazines available in our central college library.

Number of students Participated: 45

#### Learning Outcome:

Students Learnt details of various technical journals available in the library and they understood the relevance of manufacturing processes in current research.

Students submitted the abstracts based on their reading during this hour. Group learning help to boost the interest in said activity.
