RESEARCH POLICY

Research and Development Cell (R&DC):

Research and Development Cell is established to promote and mobilize research activities at the institute level. It is setting one apex control and mobilizing the activities sub-controls at the department level is set to maintain quality and integrity in Research and Innovation.

Objectives of R& DC:

- To maintain uniformity and administer the Research and Innovation activities.
- Monitor the standards and quality of Research work of faculty, and students in collaboration with industries and society.
- To keep a check on Plagiarism and duplication of work by maintaining the Research Records.
- To promote and motivate young researchers by providing incentives and appreciation.
- To enhance Intellectual Property (Patents, Copyrights, etc) and setting standards for promoting Intellectual Property (IP) activities.
- To guide research writing and converting an innovative patentable idea into a Commercial Product.
- Other research-related activities.
- To boost the Research culture by providing essential funds and guidance during ongoing research.
- To keep frequent periodical exhibitions of Faculties, Researchers, industrialists, and Students.

KBPCOES Research and Development (R & D) Policy for Faculty and Students

➤ **Research Publications:**

At National Conference for Faculty

- a. Registration fees maximum of up to Rs.6, 000/- and TA/DA or 30% of the Registration fees whichever is appropriate shall be reimbursed as per Institute rules (Once in a calendar year) based on the standard of the Conference.
